Join us as congresswoman Jan Schakowsky and the late Senator Paul Simon's wife, Patti Simon, present the issues surrounding the Paul Simon Water for the World Act currently in committee before the U.S. Senate.

Following the presentations will be a hands on workshop with Schakowsky & Simon addressing student water advocacy.

Topics include:

- 1) **identifying** key players (allies and opponents)
- 2) **creating** strategy for interaction with key players
- 3) **converting** strategy into tangible water advocacy

Join fellow students in this unique opportunity to question & dialogue with two of the nation's leaders in environmental advocacy. artistic circles will film this event as part of the *Water Pressures* Documentary.
